

The Power of Natural Language Interaction

Making Technology Think

Lawrence Flynn, CEO, Artificial Solutions

Sept 12th 2016

If Trees Could Walk!

The wind of change

How to Exploit Your Advantage

“People expect
technology not just
to hear them...

....but to
understand them”

CONSUMER EXPECTATIONS ARE CHANGING

The Four 'A's of Data

A

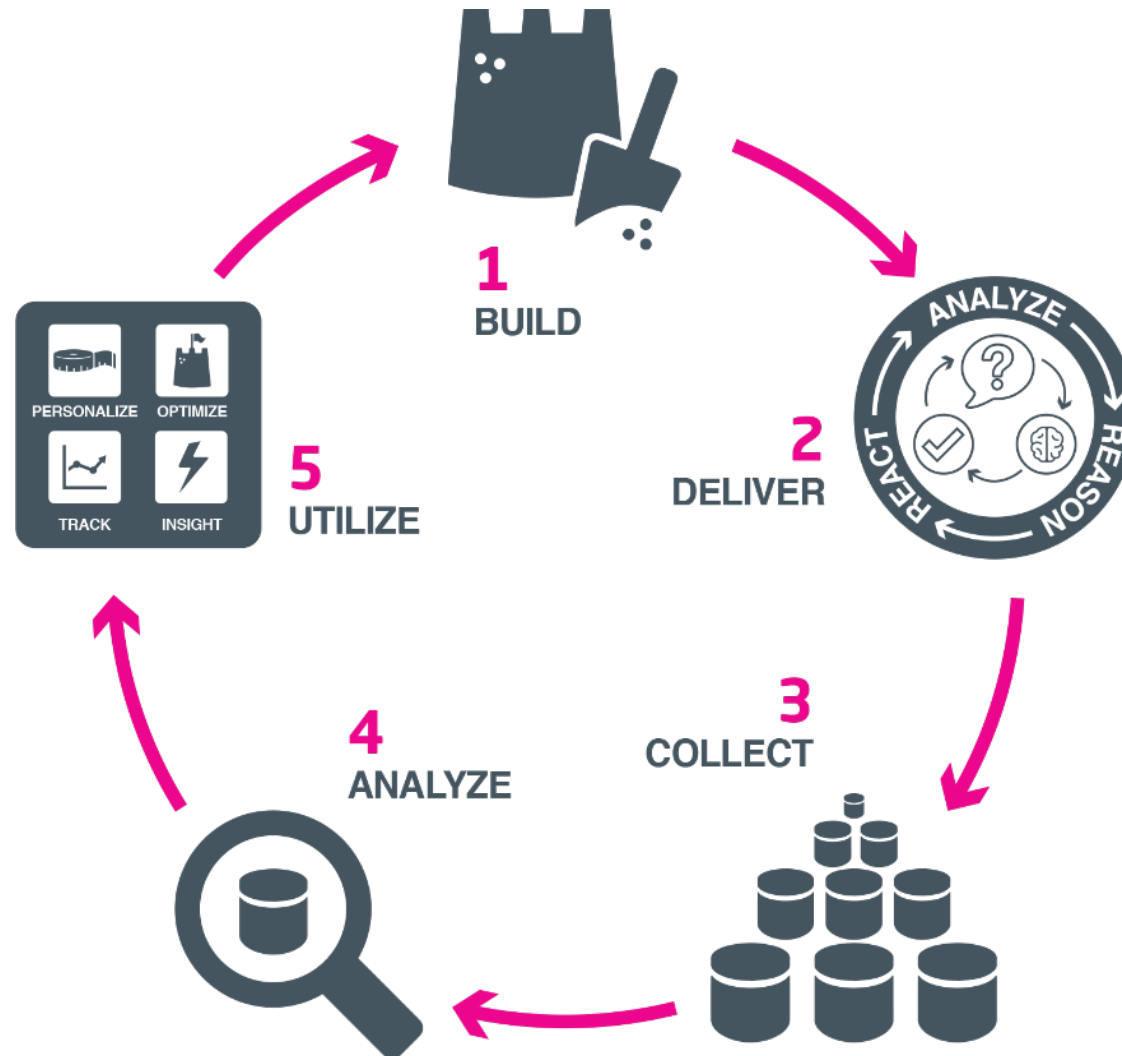

A

A

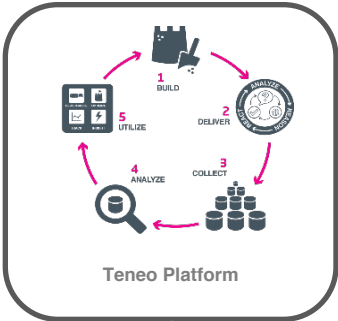

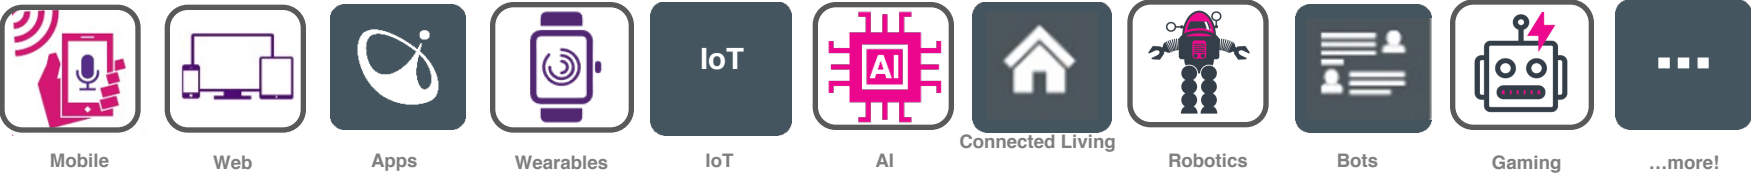

A

e2e4e

An Enterprise Strength Platform

A Platform to Deliver Multiple NL Solutions

Don't be rooted to the spot

Summary

The problem for enterprises is real

Key to the issue is data

Failing at the first 'A' (acquiring data)

Need to exceed user expectations
